Attention: J. D. Stevenson

Dear Mr. Stoner:

Enclosed for your approval and use in accordance with paragraph 23 CFR 450.220 is a copy of an amendment to the Amended FY 2009-2012 Statewide Transportation Improvement Program (STIP) for Illinois. The department is authorizing this amendment to the STIP.

The project listed in this amendment is for a state program project that is not in a Metropolitan Planning Organization area. The funds for this project are available due to new ARRA funds that are remaining from good bids on previous ARRA funded projects. This project has fulfilled the public involvement requirements and was published in the FY 2010-2015 MYP. We will post this amendment on the IDOT website for public information.

We consider the estimate of costs included in the STIP to be realistic. We concur with the fiscal consistency analysis included in the STIP. The total cost of the STIP remains consistent with the amount of funds expected to be available to this area during the STIP time period. The department, on behalf of the Governor of Illinois, concurs with the projects listed in this STIP.

Sincerely,

A handwritten signature in cursive script that reads "Dick Smith".

Director
